Capital Market: Strategic Investments for Entrepreneurial Growth

Date: 10/12/2021

No of Participants: 44 Students

Collaborating Agency: Securities Exchange Board of India (SEBI)

Resource Person: Mr. Arun Singh, Securities Market Trainers (SMARTs)

Introduction:

On October 23rd, the IQAC organized a seminar on the stock market, facilitated by SMARTs Investor Awareness Program. The primary aim was to disseminate foundational information about the stock market to 44 participating students, inspiring them to consider investment and career opportunities. The session, expertly managed by Asst. Prof Jitendra Mishra, unfolded seamlessly, and participants were assured of receiving certificates of participation.

Felicitation of Guest Speaker:

The event kicked off with a warm welcome and felicitation of our guest speaker, whose expertise added immense value to the seminar. Their insights and experience set the tone for an engaging and educational session.

Key Highlights of the Seminar are as follows:

Capital Markets Overview:

- Definition: The conduits for channeling savings and investments between suppliers (e.g., banks, investors) and entities in need (businesses, governments, individuals).
- Components: Primary and secondary markets.

Navneet Education Society's

NAVNEET COLLEGE OF COMMERCE & SCIENCE

Recognised under Section 2(f) of the UGC Act, 1956

Understanding Capital Markets:

- Encompasses various financial instruments, including stocks, bonds, and forex.
- Predominantly situated in major financial centers such as New York, London, Singapore, and Hong Kong.

Primary vs. Secondary Markets:

- Primary Market: Involves new issuances (e.g., IPOs) facilitated by underwriting firms.
- Secondary Market: Involves the trading of previously issued securities between investors; notable examples include NYSE and Nasdaq.

Capital Raising for Firms:

- Equity Capital: Can be raised through private placements, venture capital, or IPOs.
- Debt Capital: Attainable through bank loans or bond market securities.

Outcome:

The seminar successfully achieved its intended goal of providing essential knowledge about the stock market to students. The comprehensive coverage of both primary and secondary capital markets, coupled with insights into various mechanisms for raising capital for businesses, laid a solid foundation for entrepreneurial growth. Special acknowledgment goes to Asst. Prof. Jitendra Mishra for his unwavering dedication, contributing significantly to the seminar's success. Participants can anticipate receiving their certificates of participation soon.

Seminar Report on Intellectual Property Rights (IPR)

Date: September 26, 2022

Time: 11:00 AM to 12:30 PM

Venue: Computer Lab, Navneet College Mumbai

Collaborating Agency: The Office of the Controller General of Patents, Designs and Trade Marks (CGPDTM)

Resource Person: K. Narayanamurthy

Participants: 54 Students

Overview:

Internal Quality Assurance Cell (IQAC), organized a seminar on Intellectual Property Rights (IPR) on September 26, 2022, from 11:00 AM to 12:30 PM in the Computer Lab. The session aimed to educate students on the fundamental aspects of IPR, covering topics such as patents, trademarks, copyrights, and design rights.

Session Highlights:

Welcome Speech: Prof. Satyendra Pal commenced the session with a welcome speech.

Introduction to IPR: K. Narayanamurthy provided an overview of Intellectual Property Rights, elucidating the significance of patents, trademarks, copyrights, and their role in safeguarding intellectual creations.

Significance of IPR: The speaker emphasized IPR's role as a catalyst for innovation, promoting research and development, and contributing to economic growth by providing creators and innovators with a competitive advantage.

Challenges and Trends: The seminar addressed challenges in IPR, particularly in the digital age, including issues like piracy and counterfeiting. Emerging trends, such as the impact of AI and blockchain technology in IPR management, were also discussed.

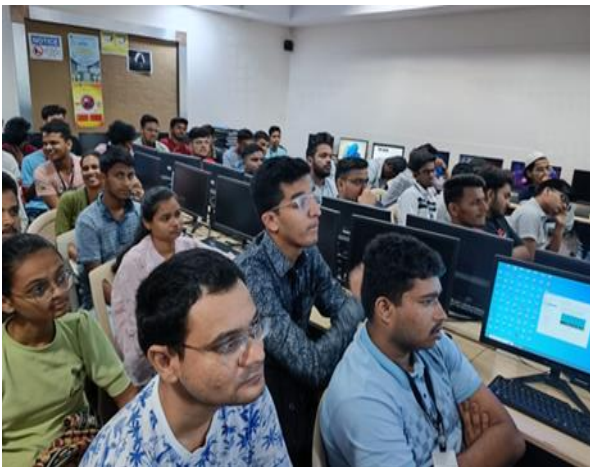

Interactive Session: The seminar concluded with an interactive session where students had the opportunity to address their doubts.

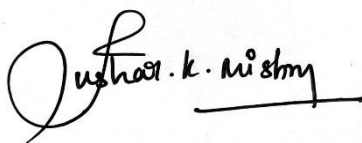

Closing Remarks: Prof. Satyendra Pal delivered a thank you speech, concluding the informative and engaging seminar.

Outcome:

The seminar on Intellectual Property Rights served as a valuable platform for students to gain insights into the complexities and importance of IPR in various domains. The interactive nature of the session allowed for a thorough understanding of the challenges and trends in the evolving landscape of intellectual property.

Research Paper Writing Workshop Report

Date: October 2, 2022

Time: 10:00 AM to 1:00 PM

Venue: Computer Lab, Navneet College Mumbai

Resource Person: Mr. Ahtesham Arif Shaikh

No. of Participants: 16

Introduction:

The Research Paper Writing Workshop organized by IQAC of Navneet College featured Mr. Ahtesham Arif Shaikh, a seasoned faculty member and Coordinator of the IT Department at A.P. College. The session commenced with a warm welcome and introduction to the speaker's credentials, including an MBA and MCA degree and NET, SET qualifications.

Workshop Overview:

Mr. Shaikh initiated the session by posing the fundamental question, "What is a research paper?" He eloquently explained that a research paper goes beyond the mere compilation of information, emphasizing its role as an expanded essay presenting original research findings and interpretations. The analogy of a cricket player aiming for the world cup underscored the importance of a positive attitude and self-belief in achieving excellence in research paper writing.

The workshop outlined four key stages in research paper writing: choosing a topic, conducting research, creating an outline, and the actual writing process. Mr. Shaikh elucidated that a standard research paper typically comprises ten sections, including abstract, introduction, review of literature, objectives, methodology, research analysis, results, recommendations, conclusions, and references.

Navneet Education Society's

Recognised under Section 2(f) of the UGC Act, 1956

He emphasized the significance of defining the study area and objectives, narrowing down the research focus. This involved providing details on the location, geology, climate, and a map of the study area. Objectives were illustrated with examples, linking them directly to the purpose of the research. The workshop delved into the methodology section, distinguishing between primary and secondary research methods. Additionally, the results or findings section was explored, emphasizing the importance of summarizing research matter concisely.

Mr. Shaikh provided detailed insights into literature review and gap analysis, crucial components of research paper writing. Students were encouraged to think critically about these aspects, fostering a deeper understanding of the research landscape. After approximately three hours, students actively engaged in preparing abstracts and methodologies for their respective research papers. Mr. Shaikh appreciated the students' enthusiasm and involvement in the program.

Conclusion and Vote of Thanks:

The workshop concluded with a section on drawing conclusions and a restated thesis statement. Mr. Satyendra Pal, HOD of the IT department, Navneet College, expressed gratitude to the students, the speaker, and the college management for their active participation and support in organizing the session.

Outcome:

The Research Paper Writing Workshop proved to be highly beneficial for M. Sc.IT and M. Com students, providing them with valuable insights and practical guidance for their research endeavors.
