“ACADMiN” ERP

To Bring Equality in
Quality Education

 **ACADMiN**
YOUR TRUE ACADEMIC ADMIN...

“Daily, Every educational institution deals with massive amounts of data and information and must have constant access to all relative information of student. It is a common practice in many institutions to use manual or multiple method of processes for essential tasks and activities, such systems necessitate more time and energy, and they are also prone to human error, miscommunication and data duplication. Data integration is nearly impossible in the case of institutions with multiple branches with thousands of students, resulting in error-prone decision making.”

ERP , is a corporate term for enterprise resource planning that includes or is a single-source information system for all departments across an organisation. ERP, or enterprise resource planning, is a single database system that facilitates information transfer and communication across various departments and “ACADMiN” ERP demonstrate exact Meaning Of ERP !
